THE LARGEST GATHERING OF LIVING DONORS AND RECIPIENTS

On Saturday, June 20, we will have a special gathering of living donors and organ transplant recipients. At the largest celebration of life, generosity and second chances stand side by side.

HONOR A LEGACY

This event is dedicated to the memory of Craig Hostert, two-time kidney recipient, cancer warrior, and co-founder of the Life's Short Live It movement with his wife Kathleen. Craig lived each day with gratitude, joy, and determination, inspiring countless others to embrace life fully. Craig passed away in 2024, but his spirit lives on in this historic gathering.
